5. SUBJECT.- (Outside the Schedule).

Grant of Foreign Scholarships during 1915-16.

OPINION OF THE COUNCIL.

15 No State scholarships may be granted this year, the two available ones being reserved for two years for promoting experiments and research work in connection with industries and manufactures within the State. A scheme may be drawn up for this purpose.

16 Loan scholarships may be granted to the following on proper security:-

1. Miss A.G.Allen.
2. Mr.V.A.Krishnamurti.
3. Mr.R.V.Soorappa.
4. Mr.C.Lakshminarayana Chetty.

# Submitted to His Highness.

19 (1) As none of the candidates who have applied for the State foreign scholarships this year are of more than average ability and qualifications, the Council in considering the recommendation of the Inspector General of Education in the matter were of opinion that the scholarships need not be sanctioned and the amounts set free thereby, viz., £400 a year, may be utilised in promoting experiments and research work within the State in connection with industries and manufactures.

(2) There is a great deal of experimental and research work to be done in the State and the training of persons in industrial work has to be taken in hand. The Director of Industries and Commerce will be requested to prepare in consultation with the Industries and Commerce Committee a scheme for the purpose and it will be submitted for sanction in due course.

(3) As regards the award of the Damodar Das scholarships also, the Council have not been able to accept the recommendation of the Inspector General of Education. One of these scholarships may be awarded either for Mechanical Engineering or Agriculture and a fresh selection will be made after inviting applications.

(4) The grant of the following loan scholarships were approved by the Council:-

1. Miss. A.G. Allen, L.M.& S; for medicine.
2. Mr. V.A. Krishnamurthy for commerce.
3. Mr. R.V. Soorappa --do--
4. Mr. C. Lakshminarayana Chetty for Mechanical Engineering. (Locomotive).

(5) The proposals of the Council may be graciously approved.

No. 18,820/781 of 21/2/16. 3. 16.

Submits the views of the Committee in the matter of grant of one of the Damodar Das Schps of 1915-16 for the study of Mech: Engg. or Agriculture.

33 The majority of the Committee seem to have been in favour of Agriculture in preference to Mech. Engg. The question of having Mech. Engg. also is left to Govt.

34. As regards the Candidates for the Schs. the Com: have nominated Mr. Kunhi Kannan as the best candidate for Agriculture.

35. If the Govt: should decide to give a schp. for Mech. Engg as well, the Com: consider Mr. Raja Rao Patankar as the most deserving candidate.

27/3 Both the candidates are deserving of consideration.

| General and Revenue Secretariat. | File No. | of 1915. |
|---|---|---|

Serial No.

36 It is very necessary to have more foreign trained men in the Agricultural Dept. and I think that the recommendation of the Committee of first preference to Agriculture may be accepted.

37 Mr. Kunhi Kannan has also applied for a scholarship in sericulture. He is a highly qualified Entomologist. I think that if he can be sent abroad for two years, he will be able to specialize in both these subjects.

I am inclined to agree

38 Mr. Kannan is however not a born native of Mysore but as he has been in the service of the state since 19th Nov 1908 he may be regarded as having acquired a domicile here.

39 If for any reason his ~~selection~~ selection is not to be approved there are only two candidates in the whole list who have passed with Hons. i.e. No 11 Mr. G. Subrahmanian and No 16 Mr. C Kunhi who have both passed in Honours in Botany and one of them may be selected

One of the two is eligible. I would prefer No 11 who is the son of a landholder.

NOTE—Contn. sheet.

GPB—70,000—17-12-15

General and Revenue Secretariat. | File No. 2 of 1915.

Serial No.

The chief objection against sending persons who are not already qualified in Agriculture is that they have to begin all their training in Europe and the conditions are so different.

If any graduate who has not already undergone some training in the subject for which he has been awarded a foreign scholarship I think that before he is deputed he should be given some preliminary local training.

4. I am not in favour of sending any of the applicants who hold a diploma in Agriculture as their general educational qualifications are low.

5. There is no doubt that need for more men to be trained as Electrical Engineers and a scholarship may be reserved for Electrical Engineering among the next Year's scholarships which

NOTE—Contn. sheet.

GPB—70,000—17-12-15

General and Revenue Secretariat. | Coder File No. 2 of 1915.

Serial No.

are to be awarded before next October

43 Mr. Faber has no doubt recommended Raja Rao very strongly. He has been trained only in the Victoria Jubilee Technical Institute Bombay. For appointments as Chief Operators do we want men of much higher qualifications. We have lately awarded a Government scholarship to another Operator of the Depot who was also highly recommended by Mr. Faber in his D.V. Raja and it would be invidious to give a scholarship to Mr. Raja Rao. I would suggest that a candidate for the Engineering may be chosen in the same way as was done for Locomotive Engineering i.e. a choice made from one of the graduate Mechanical Engineers of the P.W.D.

If a Schp is available, a man like Mr. Raja Rao who is already in this line of work (though not a B.A.) would in my opinion be suitable

NOTE—Contn. sheet.

1019. Genl. & Dhlan. Oeuer 1915 96

The points for consideration which I respectfully beg to urge in connection with my application for the Mysore Government Foreign Scholarship of 1915-1916 in Industrial Engineering, are 5 in number

1. My application in 1910 for a Damoder Doss Foreign Scholarship in Mechanical Engineering, and the strong recommend--ation of T.Ananda Rao Esquire, B.A., C.I.E., for a special Scholarship in my case, which however could not be given as all the available funds had been already utilized in advance for Architectural and other Scholarships.
2. Your Excellency's encouraging words to me while recommend--ing me to Mr. H.P.Gibbs, the Chief Electrical Engineer, remarking that I " narrowly missed getting a Damoder Doss Foreign Scholarship "
3. My higher Qualifications at the present time as compared with those ~~XX~~ in 1910.
4. The appreciation of my two years' work by V.Rangasamy Iyengr Esq., A.C.E., B.C.E., Superintending Engineer, as indicated in his certificate and his Private letter.
5. The Selection Committee's kind recommendation.

R.Ramachandra Rao.

Senior Technical Assistant,
Mechanical Engineering School,
Bangalore.

# M E M O.

In the Government of India Notification, No.2381 of 1909, dated 24th November 1909, Bombay Castles, when applications for State Foreign Scholarships in Sugar Refining and Electrical Engineering were invited, the following Sentences in Clauses 5 and 7 occur, namely:-

(a). "Preference will be given to candidates for the First Scholarship (Sugar Refining) who are Bachelors or Licentiates of Agriculture of the Bombay University or Licentiates in Chemistry of the Victoria Jubilee Technical Institute, Bombay".

(b). "Candidates for the Second Scholarship (Electrical Engineering) must produce a certificate either from the Principal, College of Engineering, Poona, or from the Principal of the Victoria Jubilee Technical Institute, Bombay, that they are fitted to go through an advanced course of training in Electrical Engineering".

(c). "Selected candidates must satisfy the Director of Public Instruction that they are well able to write, speak and understand English".

It is plain from these quotations that the Government of India do not belittle the qualifications of the Licentiates of the Victoria Jubilee Technical Institute, Bombay, and that they consider them to be not inferior to graduates of University and that the Language demanded is only the ability to write, speak, and understand English, which is admittedly not the monopoly of the University graduates.

Acting on the principles laid down above, the Government of India have granted State Foreign Scholarships to the following Licentiates of the Victoria Jubilee Technical Institute Bombay:-

(i). Mr. Bharucha, L. M. E.(1891).

This gentleman was, I am informed, recommended to undergo training in Mechanical Engineering in England, and he is now Assistant Professor of Mechanical Engineering at the College of Engineering Poona.

(ii). Mr. Gurjar, Licentiate of Textile Manufacture (1903).

In 1908 he was awarded a Government of India Foreign Scholarship to undergo training in Textile Manufacture at the University of Manchester.

(iii). Mr. I. M. Kaul, L. M. E., L. E. E.(1906).

This distinguished Licentiate was awarded in 1910 a State Foreign Scholarship in Mechanical Engineering for undergoing training at the Glasgow University.

(iv). Mr. B. B. Pradhan, L. E. E.(1907).

In 1908 he was given a State Foreign Scholarship to undergo training in Electrical Engineering at the University of Manchester. He passed his B, Sc. and M. Sc.,Examinations there, and is now Assistant Professor of Electrical Engineering in the Central Institute Technilogy, Bombay, the present name of the old Victoria Jubilee Technical Institute, Bombay.

(v). Mr. S. B. Aiyangar, a Second class ~~Licentiate~~ Certificate holder of 1905, and the holder of no Diploma.

The Mysore Government awarded him a Foreign Scholarship to undergo training in Advanced Electrical Engineering at the Faraday House, England. He is now in Mysore Service on a salary of Rs. 300/- as ~~Assis~~ Assistant Chief Operator, Kolar Gold Fields.

The Rules of the Mysore State Foreign Scholarships have been framed I believe in the same spirit. ( Vide Rules. Para V and Para VI Clause, 2).

Under these circumstances I respectfully submit that due consideration may be given to my Diplomas of L. M. E., and L. E. E., and to the certificates of merit and character kindly granted to me by leading Engineers like Messrs V. Rangaswamy Iyengar, P. M. Baker, Tom.S. Dawson.

MANORAMA,

Bangalore City.

Central College, Bangalore.
1st. September 1915.

I certify that Mr. K.Parthasarathi studied in this College for the Intermediate Examination and the B. A. Degree Examination I have a very high opinion of his intelligence and good sense.

His conduct was invariably excellent, and I have a very high opinion of his character. I am certain that if he were chosen for a foreign scholarship he would make the best use of his --- opportunities and justify his selection.

Sd/ J.G.Tait.
Principal .

DIARY No. 795

I have known Mr. K. Parthasarathi B. A. since 1910. He passed his Intermediate Examination with distinction in Physics and Mathematics. He has recently graduated taking Physics as his optional science subject. He is now employed as a Demonstrator in my laboratories. I understand that he is anxious to proceed abroad to study some technical subject, preferably Mechanical Engineering (Locomotive). I desire to support his application to Government for assistance to enable him to do so. In my opinion he is excellently well fitted to take full advantage of such an opportunity. He possesses a vigorous personality and from the way he handled his practical work I know that he has more than the usual power of initiative. I beg to recommend his application strongly for the kind consideration of Government.

Sd/ E.P.Metcalfe.
Professor of Physics,
Central College, Bangalore.

Bangalore
31st August 1915 .

This is to certify that Mr. K. Parthasarathi B. A. is a bonafide Mysorean. He is the son of the late Mr. K. Srinivasa Iyengar Land-holder, Krishnarajapet.

Sd/ B. Venkatapathi Iyengar.
Retired Inspector of Schools.

Krishnarajapet,

Mysore District,

25th August 1915.

I have known Mr. K. Parthasarathi B. A. of Krishnarajapet very intimately for a long time. He is a young man of sound principles and active habits. He possesses an excellent character and his conduct has won the golden opinion of our taluk.

Sd/ H. Krishna Sastri.

Zamindar and

Rep: Assembly member .

I hereby certify that Mr. K. Parthasarathi a candidate for one of the Mysore State Foreign Scholarships, is in good health and seems to be capable of withstanding the climate of a foreign country.

OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

0492
No. ---- Enc. 1 (a register and a file of applications).
150 and

*Bangalore,* 26th August 1915.

*From*

RAO BAHADUR M. SHAMA, RAO, ESQ., M. A.,
*Inspector-General of Education in Mysore.*

*To*

P.G. D'Souza, Esq., B.A., B.L.,
Offg: Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR,

With reference to Government Order No.229-33/Edn.2-14-193 dated 15th July 1915 appointing a Committee for reporting on the merits of the candidates applying for the Foreign Scholarships of 1915-16, I have the honour to state that the Committee which met on the 25th instant are of opinion that the scholarships may be given to the candidates noted in the accompanying list. For "Chemical Industries", one of the subjects for which a Government scholarship was advertized in Notification No.228/Edn.2-14-192 dated 15th July 1915, there are no applicants; and for "Applied Chemistry", there is only one applicant and the Committee are of opinion that this applicant is not quite deserving. There are thus two scholarships available, and the Committee recommend that one of these scholarships may be awarded for the study of Commerce in addition to the one notified by Government.

3

There is one scholarship advertized for "Mycology, or Entomology or Agriculture", and the Committee recommend that the second vacant scholarship may be utilised for awarding a scholarship to each of the subjects "Mycology" and "Entomology", and Dr. Coleman further suggests that these scholarships may, for the present be made tenable for only one year.

Dr Coleman [illegible]

39

The list of applicants and the applications in original are forwarded herewith for the information of Government and kind return.

The unofficial note received with your No. 43-15 dated 13th August 1915 in the matter of a loan scholarship to Mr. Ramanath Inamdar, is returned herewith, as his case is included in the recommendations made by the Committee.

I have the honour to be,

Sir,

Your most obedient servant,

K. Shamaiah Rao

Inspector General.

SIR,

Key C

With reference to Government Order No.2219-23 / Ed.2-15-50 dated 17th November 1915 appointing a Committee to report on the merits of the candidates applying for the Damodardass Foreign Scholarship advertised in Government Notification No.2218 /Ed. 2-15-49 dated 17th November 1915 to be awarded for the study of either Mechanical Engineering or Agriculture, I have the honour to report that two meetings were held for the purpose, the first on the 28th February last and the second on the 10th instant. At the first meeting except Mr.Chakravarti who had to attend a Conference with the M.S.M.Railway Officers at the Public Offices at the same time, all the Members were present and at the second Mr.Chakravarti also was present. At the second meeting opinion was divided. Of the subjects, Agriculture and Mechanical Engineering, Messrs Chakravarti and Srinivasa Rao were in favour of giving preference to Agriculture and nominated Mr.Kunhi-Kannan

Key 7

Mr.Kunhi Kannan (No.21) as the best candidate. If Government, however, wanted to give the scholarship for Mechanical Engineering, then in their opinion, the most deserving candidate for a Mechanical Engineering Scholarship was Mr.Raja Rao Patankar (No.1 in the list) who may be permitted to study Mechanical Engineering with special reference to Electrical Engineering. Messrs. Chatterton and Coleman were exclusively in favour of granting the scholarship for Agriculture to Mr.Kunhi Kannan. I was in favour of either of the candidates being selected as it suited Government.

I have the honor to be,

Sir,

Your most obedient servant,

Lee. Sharma Rao.

Inspector General.

(Mysore, India.)

Dear Mr.D'Souza,

With reference to the application of Mr.Raja Rao V.Patankar for a scholarship to enable him to proceed to America, I would like to call to your attention the fact that all of the colleges in the United States open some time in September and I would consider it necessary, if Mr.Raja Rao goes to the United States, that he leave Mysore by about the 1st of August. If Mr.Raja Rao is fortunate enough to get the scholarship, I request that the award be made in time for him to leave Mysore by about the 1st of Aug. so that he may arrive in America in time to take up his course when college opens. You, of course, realize that, if a student is late in entering the college, he is very heavily handicapped and lags behind the rest of his class. I would be very glad if you could so arrange that the scholarship be accorded to him in time.

A line in reply will greatly oblige

Yours sincerely,

**Public Works Secretariat,**

Bangalore, 27th June 1916.

My dear Sir,

With reference to your D.O. letter No.C.439 of even date, I write to inform you that Mr.V.Ganesh Iyer, B.A., A.C.E., now Assistant Mechanical Engineer, Cauvery Reservoir Works, is the one whom I can recommend for the Damodar Das Scholarship. He has been employed on this work for nearly four years and I consider him to be a very eligible candidate for the scholarship.

I may add that Mr.K.R.Venkatasubbachar is the only other Sub-Assistant Engineer who offered to go to Europe or America for specialising in this Branch. He is a B.A., B.E., and well qualified in Mechanical Engineering. But he has been since taken to the Railway Department in order that he may be trained in Locomotive Engineering and he may therefore be selected for another scholarship. The Railway Secretary has been informed about this recommendation.

None others have come forward to undergo training in this special branch of Engineering in foreign countries.

Yours sincerely,

K. Seshagiri Rao

D.M.Narasinga Row, Esq: B.A., B.L.,
